# Custom Sandbox Cover Measuring Form

155 N. Main St., Ste #201 - Collierville, TN 38017

Toll Free 888-246-6909 – Direct: 901-414-2225

	<input type="checkbox"/> <b>Square/Rectangle No Posts</b>		<input type="checkbox"/> <b>Square/Rectangle Inside Corner Posts</b>		<input type="checkbox"/> <b>Square/Rectangle Outside Corner Post</b>		<input type="checkbox"/> <b>Hexagon</b>
--	---	--	--	--	--	--	---

**DIRECTIONS:** Check ONE of the boxes beneath the schematics above that most closely matches your sandbox. Note the dimensions (in inches) for each Letter in the table to the right. Leave the box blank if your schematic doesn't have any of those Letters. Then, click on the sandbox that is closest to yours. Print out and fill in your dimensions.

- **Posts:** D, E, F & G are for the size of the corner posts, usually they are 4x4 or 6x6. We know that the real dimensions of a 4x4 is *actually* 3½" x 3½" and for a 6x6 *actually* measures 5½" x 5½". Please give the **Actual** dimensions of posts in inches.
- **Fabric Type:** Our sandbox covers can be made from one of these types of fabric:
  - **11oz Mesh Vinyl** - A popular choice as it allows the water to drain off of the top of the cover.
  - **15oz Solid Tri-Laminated Marine Grade Vinyl** - Much stronger than Mesh. Water will pool on top unless you choose to put a grommet drain hole in the middle of the cover.
  - **18oz Solid Reinforced Poured Rubber** - It has a Limited Lifetime Warranty and is our BEST and STRONGEST cover. Grommet drainage hole available.
  - **New Commercial 95** - High Density Polyethylene knitted mesh fabric. 10yr Limited Warranty against rot, mold & mildew. Best choice for a light weight & durable sandbox cover.
- **Fasteners:** Snaps or Grommets places evenly every 12"-18" Snaps are easiest to use.
- **Drop:** The drop is how far the cover will come down the sides of the sandbox wall before attaching to them. Keep in mind they will fasten ½" from the edge of the cloth. EX: A 4" drop will attach 3½" down the side.
- **Cutouts:** Nearly every cover has cutouts on the corners if there is a drop. Without them the edge would bulge out like the corner of a tablecloth.
